SUMMARY

Passionate and dedicated Software Engineer and Cybersecurity Enthusiast with strong problem-solving skills and hands-on experience in both software development and security engineering. Previously worked as a Intern Software Engineer at Zelora and Developers Stack and had professional experience as a Trainee Security Engineer at WSO2. Motivated to contribute, learn, and grow in dynamic and challenging environments.

PROFESSIONAL EXPERIENCE

WSO2 - Trainee Security Engineer - Full Time

July 2025 - June 2026

- Automated security tasks and workflows; built dashboards and alert monitoring for vulnerability tracking.
- Implemented centralized security guardrails for multiple software products to enforce consistent security practices.
- Integrated security scanners such as FOSSA, JFrog, Veracode, Trivy, and GoSec into internal workflows and pipelines.
- Developed customizable tools for security automation and vulnerability management.
- Participated in secure code reviews, application security activities, and security advisory reviews.

Zelora Tech- Software Engineer Intern - Full Time

July 2024 - July 2025

- Developed and maintained API features for the company main product called RomeoHR using NestJS, NodeJS, TypeScript, KeyCloak, AWS S3 , AWS SES
- Collaborated with a team of developers to deliver new features within deadlines.
- Participated in code reviews and contributed to improving code quality.

Developers Stack Pvt LTD - software Engineer Trainee - Part Time

Jun 2023 - Dec 2023

- An industrial training program that offered hands-on experience in Spring Boot, Java, and MERN stack and while working on real-world project

EDUCATION

Informatics Institute of Technology, Sri Lanka, affiliated with the University of Westminster,
BSc (Hons) Computer Science

Sep 2022 - Dec 2026

Diploma in Cyber Security and Ethical Hacking - ABE UK Professional Diploma Certificate

Feb 2025 - Dec 2025

St Aloysius College Galle (SAC)

- A/L (Local Syllabus) in Physical Science with 3C passes (2021 A/L)

CYBERSECURITY LABS / WRITE-UPS (MEDIUM)

Vulnerability Exploitation with Metasploit Framework on Kali Linux - [Medium](#)

Windows 10 Access Through Kali Linux Within the Same Network - [Medium](#)

Getting Started with Vulnerability Assessment: Learning Through OpenVAS - [Medium](#)

Lab on Web Application Security Testing Using Burp Suite and OWASP ZAP in Kali Linux - [Medium](#)

Lab on SQL Injection: How It Works and How to Prevent It - [Medium](#)

Network traffic analysis and security investigation using Wireshark - [Medium](#)

OSINT Reconnaissance in Practice: Tools, and Hands-On Security Labs - [Medium](#)

Threat Hunting & Malware Analysis Lab - [Medium](#)

PROJECTS

● **Blog Management System - [GitHub](#)**

- This project is a Blog Management System developed using the MERN stack. The application features user registration, login, blog post management, and access to protected resources.

● **Order-Management-system - [GitHub](#)**

- Collection of microservices developed for order management.
- Teck Stack:Spring Boot, Spring Cloud ,Spring Data JPA, Netflix Eureka ,Spring Cloud Gateway

● **Hospital Management System API - [GitHub](#)**

- Implemented user login and signup functionality with secure authentication using Spring Boot and Spring Security, alongside full CRUD operations for managing hospital entities (patients, doctors, appointments,)

● **POS-system - [GitHub](#)**

- POS system developed using the MERN stack .The application features user registration, login, customer management, order management, product management, and an income chart.

SKILLS

- Technical Skills: Full stack development, Machine learning , Cyber Security
- Tools: Kali Linux , Metasploitable , OpenVAS, Tenable Nessus , Burp Suite , OWASP ZAP , Wireshark, Tcpdump,
- Programming Languages: Nest JS, Spring Boot, Java, React, R, Python
- Database management: MongoDB, PostgreSQL, SQL, FireBase
- Leadership: Vice president of AMAM Foundation, a social services and welfare organization (2023), and Vice President of Muslim Majlis of Saint Aloysius College Galle (2021)
- Visit my [portfolio](#) to dive into more skills and projects

VOLUNTEERS

- Member, Rotaract Club of IIT(Present)
- Member, IEEE club Of IIT(Present)
- Project Coordinator(Present), Amam Foundation,Galle
- Member, Science Society(2019- 2021)
- Member, Tri Language Society of SAC(2019-2021)

DECLARATION

I hereby declare that the details and information given above are complete and true to the best of my knowledge.

Thank You,
